Terms and Conditions

*All brands of pipettes, dispensers or pipetting aids in any condition can be traded for a like-for-like liquid handling instrument e.g. a single-channel manual pipette for an Eppendorf single-channel manual pipette. Customers may also use the Program to upgrade to a more advanced pipetting technology and device e.g. a single-channel manual pipette for an Eppendorf single-channel electronic pipette.

Contact your local sales specialist to inform them of your desire to use the Pipette Trade-In Program to order your new Eppendorf pipette, dispenser or dispensing aid. Once your order is received, we will arrange for the traded devices to be collected or returned to Eppendorf South Pacific. All trade-in pipettes, dispensers or pipetting aids must be properly decontaminated before return. The Decontamination Certificate for Trade-In Pipette Returned Goods must be completed and sent with your traded pipettes, dispensers or dispensing aids with proof of purchase. Scan QR code to download form.

For further information please contact Eppendorf South Pacific on +61 2 9889 5000 or info@eppendorf.com.au

Did you know?

Eppendorf South Pacific is NATA compliant to ISO/IEC 17025 and our calibration procedures are certified to ISO 8655. Our NATA certified reports guarantee industry leading measurements of uncertainty from 0.25 µl to 10 ml to fulfill your labs NATA requirements.

Get your pipettes calibrated now!

- > 3-day in-house turnaround time
- > Calibration report and reminders
