

designed for scientists

SY O-ring 150

/// Data Sheet

FEP-coated O-Ring for the EasySyn reactor system.

Temperature range: -60 – 200 °C

Size: DN 150

Material in contact with medium: FEP

Suitable for reactor vessels with volumes of 2000 ml (SY 2000 and SY 2000 D) and 5000 ml (SY 5000 and SY 5000 D).

designed for scientists

Technical Data

Flange dimension	DN150
Material O-ring	FEP coated
